NUOG – RAPID Update

RAPID & Seer Manager: David Palmer

NUOG Project Center Guide Refresher

- **Purpose:**
 - The NUOG Project Center is used as the primary repository for documentation and projects
 - It is the expectation of NUOG that documentation and presentation(s) be recorded here for future reference
 - This will allow members of NUOG to access and view documents to prevent redundancy or duplication of efforts to recreate items

Access to the Project Center

- Access to the Project Center is from RAPID. Select RAPID Forums

The screenshot displays the RAPID web application interface. At the top, the 'RAPID' logo is prominent on the left, and a user welcome message 'Welcome: David Palmer' with 'Your Account | Sign out' is on the right. A search bar with a magnifying glass icon and the text 'Advanced...' is located in the top right. Below the header, there are several main sections:

- Part Requests & For Sale:** A table with tabs for 'Emergency', 'Routine', 'For Sale', and 'RFQ'. The 'Add New Emergency Request' link is visible. The table contains one entry:

Model #	Manufacturer	Part Name	Quantity
126C3733P0001	GENERAL ELECTRIC	CV DISK	2
- Upcoming Events:** A list of events with dates and locations, including '28th RAPID Conference & Technical Exhibit' (May 20-22, 2019), '65th FOMIS Conference' (June 04-06, 2019), '31st Annual EQ Technical Meeting' (November 13-15, 2019), and '2019 Curtiss-Wright Conferences & Trainings' (January 01 - December 31, 2019). Each event includes a 'Download Event to Outlook' link.
- Recent Searches:** A table showing search terms and their counts:

Term	Count
IQAN	9
20077717	0
UPM-22K	41
U627P205L0487	27
06481009	4
SEABROOK VALVE	200
SEABROOK	202
NH90	189
HYDRAMOTOR	400
HYDRAMOTOR	175
- Parts Toolkit:** A section with 'Links' and 'Reports' tabs. Under 'Links', there are four items: 'RAPID Forums' (highlighted with a red arrow), 'Bulk Search Upload', 'RAPID Frequently Asked Questions', and 'Administration'.

Project Center Contents:

- The Project Center contains many historical documents along with presentations from past NUOG meetings

The screenshot shows a forum interface for a system named "RAPID". At the top, there is a navigation bar with links for "Recent Topics", "Recent Posts", "Search", "Users", "Administrator", "Moderator", and "Faq". On the right side of this bar, there is a link for "recent posts from all forums - RSS". Below the navigation bar, there is a blue header area containing the "RAPID" logo, a "topics" section with "0 unread topics", and an "inbox" section with "0 messages". On the far right of the header, there is a user profile for "Dave Palmer" with a "my profile" link and a "sign out" link.

The main content area is titled "Add Message: NUOG - 2018 Summer Meeting - July 16-18th". It features a rich text editor with a toolbar containing icons for bold (B), italic (I), underline (U), link, unlink, list, image, video, emoji, smiley, speech bubble, YouTube, and attachments. Below the editor is a row of buttons: "add message" (with a "(ctrl+enter)" tooltip), "preview", and "cancel". To the right of these buttons is a checkbox labeled "Notify me when a reply is posted". Below the buttons is a link labeled "attach files".

At the bottom of the main content area, there is a section titled "Previous messages in the topic:" which contains a single message entry from "Dave Palmer" dated "6/1/2018" with the subject "Draft Agenda".

Two red arrows are overlaid on the image: one points to the empty text area of the rich text editor, and the other points to the "attach files" link.
